

# Going deeper about the European Green Deal Call for potential applicants

BE NCP webinar – 11 September 2020

# Welcome to our webinar! Some housekeeping rules

1. Please send only **content questions** through Questions section of GotoWebinar, they will be handled during the Q&A session. If you encounter a technical issue, you can use the Chat section.
2. Do not unmute your microphone ;-)
3. **The webinar will not be recorded...** but don't worry, **the presentations will be posted online** on <http://www.h2020-info-sessions.be/event/european-green-deal-webinars/>

# Going deeper about the European Green Deal Call for potential applicants

## Agenda

1. Welcome

Natacha WITTORSKI (NCP FNRS)

2. The Horizon 2020 European Green Deal call – design and policy background

Sven SCHADE (European Commission)

3. Questions & Answers

4. Green Deal during the R&I days (<https://research-innovation-days.ec.europa.eu/programme>)

Sven SCHADE (European Commission)

5. How to find partners?

Camille LEPINAY (NCP Brussels & European Enterprise Network)

# “The Horizon 2020 European Green Deal call – design and policy background”

*Presentation to Belgian National Contact Points networks–  
11 September 2020*

*Sven Schade, European Commission  
DG Research and Innovation  
Strategic Planning, Co-creation Horizon Europe*

# We are living the environmental & social changes

	Handelssumme in €	-23.253.177	3.347.507	-26.600.684
Apr	Börsenwert in €/MWh	-12,90	12,30	-36,4
Mai		-28,90	18,10	-42,4

Percent of IUCN-documented insect species

# Challenges 2019

A more diverse  
European  
Parliament

Ever faster  
technology  
development

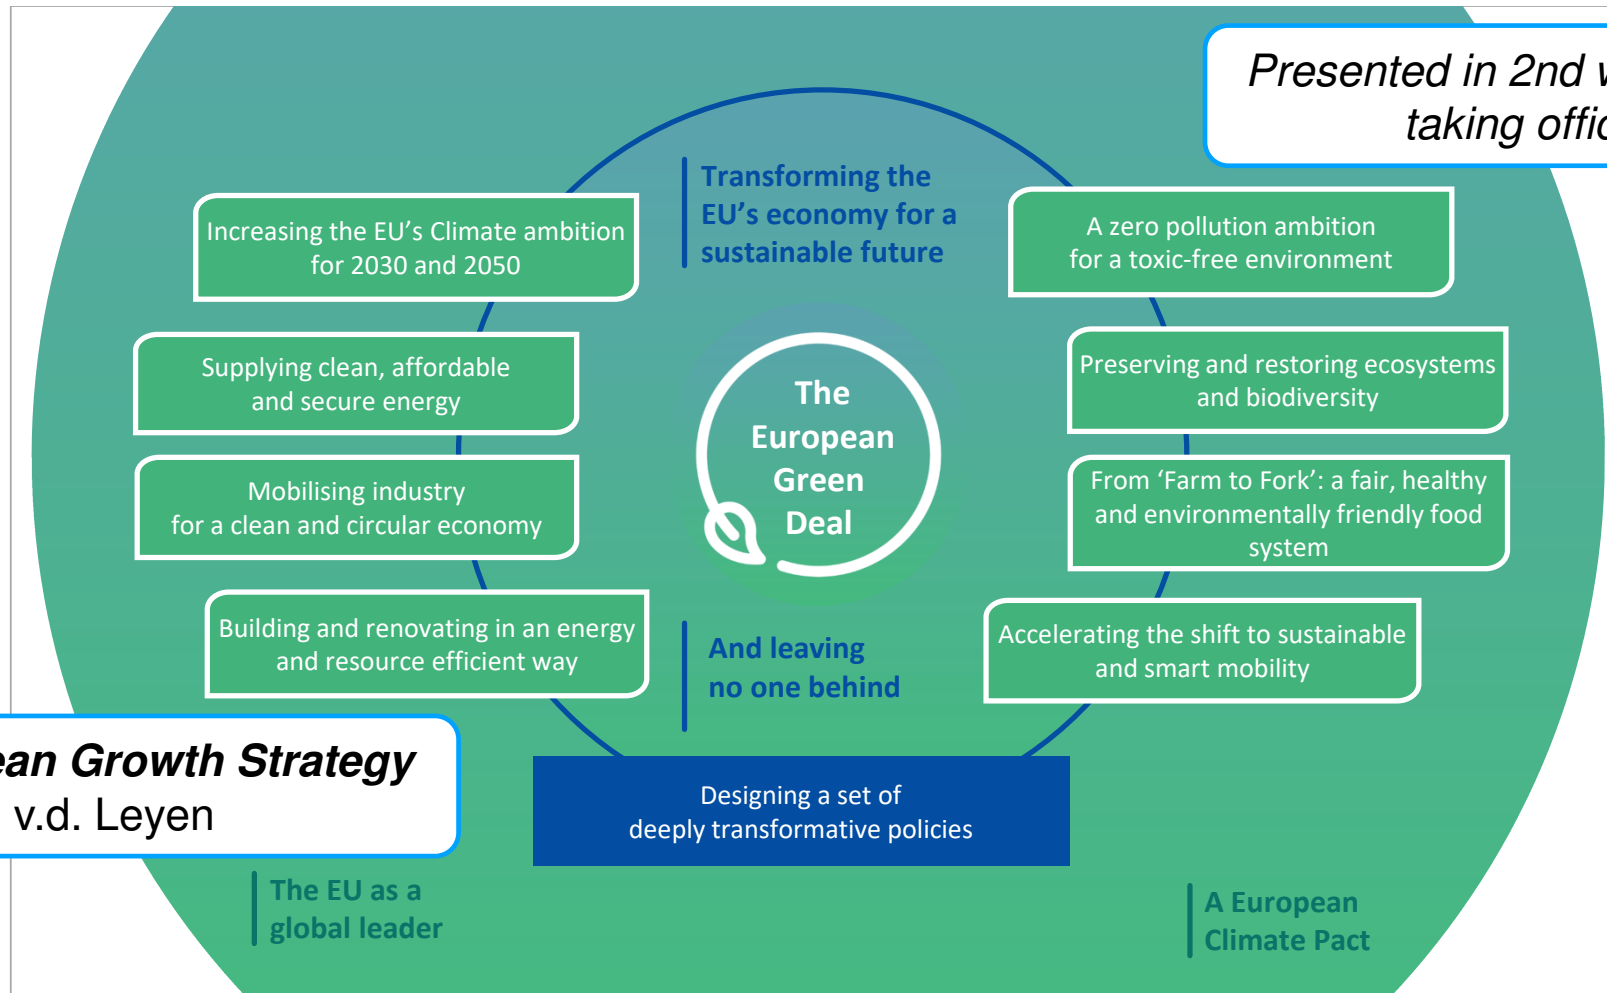

Europe's place in  
a changing world  
order

# The European Green Deal

*Presented in 2nd week after taking office*

***Our European Growth Strategy***  
U. v.d. Leyen

# The core policies for the Green Deal

17-12-19 Annual Sustainable Growth Strategy  
2020

....

6

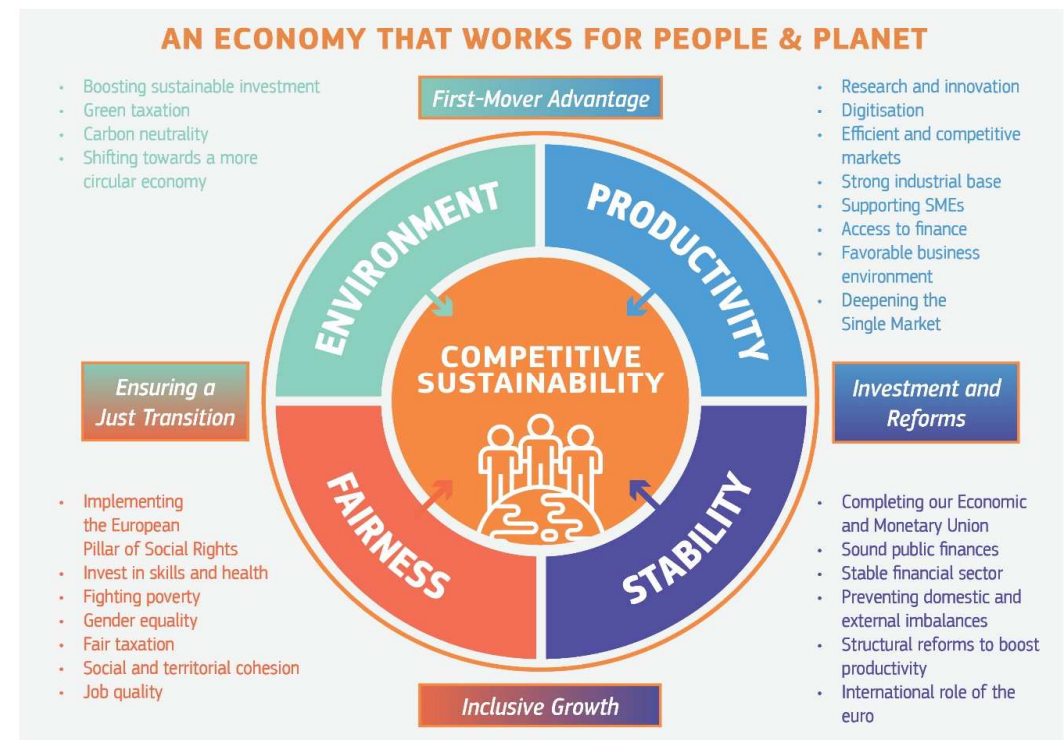

# Annual sustainable growth strategy: A new economic narrative

Main tool for setting the general economic and employment priorities for the EU at the beginning of each European Semester cycle

## Annual Sustainable Growth Strategy

A rebooted growth model: focus on a sustainable and inclusive economic model that will put people and climate first

# The core policies for the Green Deal

17-12-19 Annual Sustainable Growth Strategy 2020

14-1-20 Sustainable Europe Investment Plan – European Green Deal Investment Plan

[https://ec.europa.eu/regional\\_policy/en/newsroom/news/2020/01/14-01-2020-financing-the-green-transition-the-european-green-deal-investment-plan-and-just-transition-mechanism](https://ec.europa.eu/regional_policy/en/newsroom/news/2020/01/14-01-2020-financing-the-green-transition-the-european-green-deal-investment-plan-and-just-transition-mechanism)

## Investment Plan

- Proposal for a just transition mechanism
- Mobilising 1 trillion investments over 10 years for sustainability transition
- EIB as European 'Climate Bank'
- Announces Horizon 2020 Green Deal Call (€1bn)

# The core policies for the Green Deal – Climate law

17-12-19 Annual Sustainable Growth Strategy 2020

14-1-20 Sustainable Europe Investment Plan – European Green Deal Investment Plan

A strong social Europe for just transitions (Just transition fund)

4-3-20 European Climate Law

[https://ec.europa.eu/clima/policies/eu-climate-action/law\\_en](https://ec.europa.eu/clima/policies/eu-climate-action/law_en) ....

## The climate law proposal

- to write into a law the goal of EU's climate neutrality by 2050 through all policies, in a socially-fair and cost-efficient manner
- a new EU target for 2030 greenhouse gas emissions reductions
- a 2030-2050 EU-wide trajectory for greenhouse gas emission reductions (industries: see also 'A clean planet for all' – EU long term climate strategy COM(2018)773)
- to develop and implement adaptation strategies to strengthen resilience and reduce vulnerability to the effects of climate change

# The core policies for the Green Deal

17-12-19 Annual Sustainable Growth Strategy 2020

14-1-20 Sustainable Europe Investment Plan – European Green Deal Investment Plan

A strong social Europe for just transitions (Just transition fund)

4-3-20 European Climate Law

10-3-20 A New Industrial Strategy for Europe  
An SME Strategy for a sustainable and digital Europe

A new Circular Economy Action Plan

[https://ec.europa.eu/environment/circular-economy/index\\_en.htm](https://ec.europa.eu/environment/circular-economy/index_en.htm) ...

## Circular economy action plan

- 35 proposed measures, mainly legislative
- Core sectors: Electronics and ICT, textiles, plastics, food & packaging, waste

Product policy framework (for example)

- Legislative and non-legislative measures establishing a new “right to repair”
- Legislative proposal on substantiating green claims

Skills development for a circular economy transition

# A sudden shift of attention leads to delays

17-12-19 Annual Sustainable Growth Strategy 2020

14-1-20 Sustainable Europe Investment Plan – European Green Deal Investment Plan

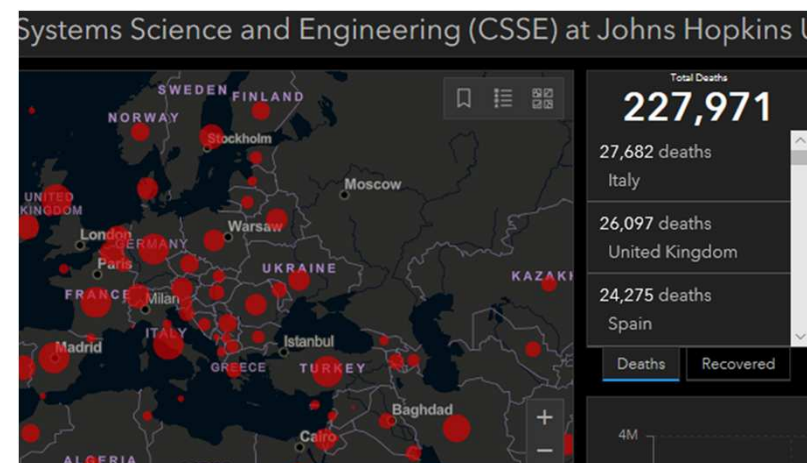

A strong social Europe for just transitions (Just transition fund)

4-3-20 European Climate Law

10-3-20 A New Industrial Strategy for Europe

An SME Strategy for a sustainable and digital Europe

A new Circular Economy Action Plan

# The core policies for the Green Deal

20-5-20 Farm2Fork' & 'Biodiversity Strategy'

[https://ec.europa.eu/food/sites/food/files/safety/docs/f2f\\_action-plan\\_2020\\_strategy-info\\_en.pdf](https://ec.europa.eu/food/sites/food/files/safety/docs/f2f_action-plan_2020_strategy-info_en.pdf)

[https://ec.europa.eu/environment/nature/biodiversity/strategy/index\\_en.htm](https://ec.europa.eu/environment/nature/biodiversity/strategy/index_en.htm)

## Biodiversity

> Establish protected areas for at least:

**30%**  
of land in  
Europe

**30%**  
of sea in  
Europe

> Restore degraded ecosystems at land and sea

Increasing organic  
farming and biodiversity-  
rich landscape features  
on agricultural land

Halting and  
reversing the  
decline of  
pollinators

Restoring at least  
25 000 km of EU  
rivers to a free-  
flowing state

Reducing the  
use and risk of  
pesticides by  
50% by 2030

Planting 3 billion  
trees by 2030

## Farm2Fork

€1100billion

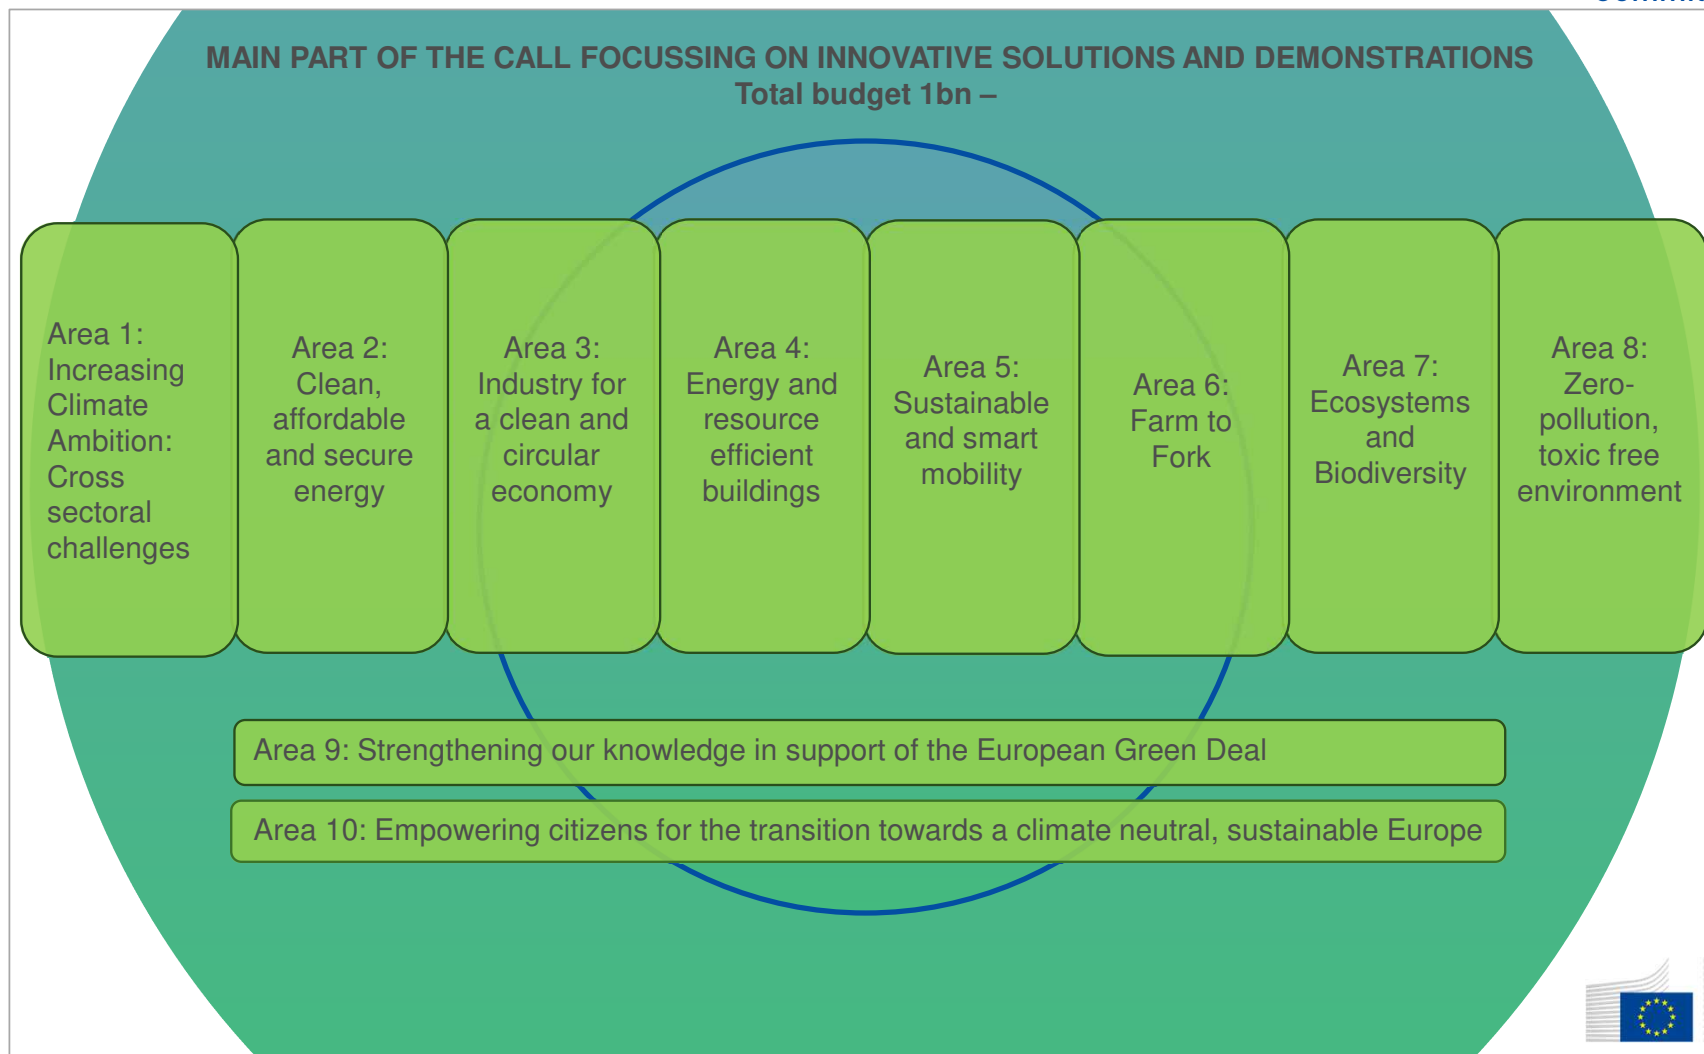

And

Next Generation EU  
recovery instrument of  
€750 billion (4 years)

# The Horizon 2020 Call in support of the European Green Deal

# The European Green Deal Call

As provided to H2020 Programme  
Committee 17/04

# Some specific issues raised – I

- Research, Innovation and the Green Deal – how do they relate?
- Will there be other ‘Green Deal Calls’?
  - Deep system transformations will be required over become Climate neutral and avoid break-down of ecosystem (services). Not science and technology alone will be the solution – but ‘system’s innovation’. -> ‘Horizon’ is the R&I component – synergies with policies and other programmes
  - Horizon Europe will start 2021 : ‘sustainability and digital transitions’ are the *‘Leitmotiv’* for large parts of the programme
  - ‘Location based innovation’ (see circular economy topic, ecosystem restoration, a.o.)– System’ innovation happens in deep local / regional value chains. European level R&I is not the best tool -> Synergies with ‘next generation EU’ recovery and resilience programme (similar timeline!)

# Some specific issues raised – II

- Role of ‘small enterprises’ and ‘financial innovation’ ?
  - Not an SME specific call (May 2021 cut-off European Innovation Council (SME instrument)- €350mio exclusively for ‘Green Deal related’ ideas)
    - B4plastics (Maasmechelen) ‘Strongest – degradable bioplastics’ €1.5mio
    - Greater than SA (Brussels) ‘Deep learning AI driver influence system’ €1.9mio
  - ‘*Financial innovation*’ is part of system’s transformation
    - See: ‘taxonomy of sustainable investment’ – sustainable finance / soft market regulation
    - See: making EIB the ‘European climate bank’ – directing EIB investment
    - Here: Experimenting ‘*innovative subsidy / incentive / support schemes*’ for example for ‘renovation’, ‘ecosystem (services) restoration’. Very welcome to include these aspects in proposals for the relevant topics. (Same for ‘social impact’ / ‘social innovation’)

# Some specific issues raised – III

- Combination of funding sources ?
- Depreciation rules?
  - I am not a specialist in the precise rules and their application – principles which allow to understand the approach
  - (1) 'No profit from a grant' & (2) 'project has total cost' and a part of them are 'eligible costs'
    - All costs have to be documented according to usual accounting practice of the entity – only those costs can become eligible (and supported by the grant). This principle is applied to depreciation as well (but under certain conditions the 'lifetime' of the equipment might be reduced to the lifetime of the project) -> See 'Model grant agreement'
    - Combination of funding sources : No single item financed by 2 EU-sources – Total revenues generated (subsidies, incomes) must not be larger than total project cost.
      - Example: Ecosystem services restoration requires purchase of land (not eligible but supported by a national env. fund) and works & a flock of sheep (eligible eventually also in env.fund). Revenue is generated from milk & meat. As long as  
[subsidies+revenues <= eligible costs+non-eligible costs] no problem.

# The Green Deal Call Topics – I

## Area 1: Increasing climate ambition

### 1.1 Preventing and Fighting Wildfires

€75million

- Interesting interlinked sub-topics from technology for aircrafts to forest management

### 1.2 –Towards climate –neutral and socially innovative cities

€53million

- majority re-granting to cities!

### 1.3 Climate-resilient Innovation Packages for EU regions

€45million

- transition roadmaps and solutions

## Area 2 – Clean, affordable and secure energy

### 2.1 Innovative land-based and offshore renewable energy technologies and their integration into the energy system

€86mio

- Development of land-based renewable energy technologies and their integration into the energy system 18mio
- Demonstration of innovative technologies to enable future large scale deployment of offshore renewable energy 68mio

### 2.2 Develop and demonstrate a 100 MW electrolyser upscaling the link between renewables and commercial/industrial applications

€60mio

### 2.3 – Accelerating the green transition and energy access Partnership with Africa

€40million

# The Green Deal Call Topics – II

Area 3 - Industry for a clean and circular economy

3.1 - Closing the carbon cycle to combat climate change €80million

3.2 - Demonstration of systemic solutions for the territorial development of circular economy €60million

Area 4 - Energy and resource efficient buildings

4.1 Building and renovating in an energy and resource efficient way €60million

Area 5 - Sustainable and smart mobility

5.1 Green airports and ports as hubs for sustainable and smart mobility €100million

# The Green Deal Call Topics – III

## Area 6 – Farm to fork

6.1 – Testing and demonstrating high impact innovations to address food system challenges in a place-based context  
€74million

- 6 areas for demonstration projects along a value chain from primary production to dietary habits

## Area 7 – Biodiversity and ecosystem services

7.1 – Restoring biodiversity and ecosystems services  
€80million

- Focus on scaling-up / replicating innovative solutions to restoration

## Area 8 – Towards zero-pollution, toxic-free environment

8.1 – Mitigating the effects of persistent and mobile chemicals  
€40million

8.2 Fostering regulatory science to address chemical and pharmaceutical mixtures  
€20million

# The Green Deal Call Topics – IV

## Area 9 – Strengthening our knowledge in support of the European Green Deal

### 9.1 European Research Infrastructures capacities and services to address EGD challenges €28million

- Support Europe leadership in clean energy storage technologies €7m
- Enhancing European research infrastructures for greenhouse gases observation in and around cities €13m
- Enhancing observations for air quality and citizens' health in urban areas €8m

### 9.2 – Developing end-user products and services for all stakeholders and citizens, supporting climate adaptation and mitigation €25million

### 9.3– Towards a digital twin of the Ocean €12million

# The Green Deal Call Topics – V

Area 10 – Empowering citizens for the transition towards a climate-neutral, sustainable Europe

10.1 European capacities for citizen deliberation and participation for the Green Deal  
€10million

10.2 Behavioral, social and cultural change for the Green Deal  
€10million

10.3 – Enabling citizens to act on climate change through education, monitoring of their environmental impacts, and civic involvement

€25million

# Green Deal Call – timeline

## Finalisation of Call

- Ongoing work
- Launch of internal approval early July
- Formal adoption mid-September
- Open communication about progress

## Proposal writing

- R&I days 22-24 September as 'meeting and partnering' opportunity
- Deadline for project proposals end January

## Evaluation to projects' start

- Evaluation spring 2021
- First projects to start summer 2021
- Projects have to sign agreements by 31/12/2021

# Research and Innovation Days 22-24 Sept

Now fully virtual event

Matchmaking event for the Green Deal Call  
– also in October more business oriented ones

# Thank you

# How to find partners ?

Camille Lépinay, NCP Brussels

## Important distinction

Definition	Type of search	Mindset
You are looking for a consortium to offer your expertise	Partner offer	Looking for a job > Cover letter
You are part of a consortium and looking for further partners	Partner search	Potential employer > Job advertisement

Looking for the best match !

# Criteria : Check topic text / Scope

Example of LC-CLA-11-2020 Innovative nature-based solutions for carbon neutral cities and improved air quality

Actions should enable the continuous monitoring of air pollution and atmospheric carbon concentration and thus contribute to improvement of relevant modelling capacity , deploying indicators enabling easy assessment, communication, comparison and sharing of best practice on the ground as well as digital solutions comprising networks of sensors, big data, geo-localisation, observational programmes such as Copernicus (and in particular the Copernicus Atmosphere Monitoring Service and the Climate Change Service with their value-added products and information) and GEOSS, satellite navigation and positioning services offered by EGNOS/Galileo, and citizens' observatories.

An interdisciplinary approach, including citizen science and the participation of applied natural sciences, social sciences, data science and humanities disciplines (such as behavioural economics, gender studies, urban planning, design and governance) is considered crucial to properly address the complex challenges of this topic.

## Topic conditions and documents

**1. Eligible countries:** described in Annex A of the Work Programme.

A number of non-EU/non-Associated Countries that are not automatically eligible for funding have made specific provisions

**2. Eligibility and admissibility conditions:** described in Annex B and Annex C of the Work Programme.

To ensure coverage of environmental, geographic, socio-economic and cultural diversity across the EU, consortia must propose innovative actions/schemes during the project and to assess their impacts and cost-efficiency in addressing air p

## Cross-cutting : international cooperation

Topic	international cooperation
LC-GD-1-1-2020: Preventing and fighting extreme wildfires with the integration and demonstration of innovative means	United States, Canada, Australia, Russia, Japan, Brazil, South America, Indonesia, and South Africa
LC-GD-2-3-2020: Accelerating the green transition and energy access Partnership with Africa	As the demonstration installation will be located in Africa, relevant African partners have to participate in the implementation of the project. A balanced consortium between European and African partners will be considered an asset in the evaluation.
LC-GD-5-1-2020: Green airports and ports as multimodal hubs for sustainable and smart mobility	encouraged
LC-GD-3-1-2020: Closing the industrial carbon cycle to combat climate change - Industrial feasibility of catalytic routes for sustainable alternatives to fossil resources	encouraged
LC-GD-6-1-2020: Testing and demonstrating systemic innovations for sustainable food from farm to fork	encouraged
LC-GD-7-1-2020: Restoring biodiversity and ecosystem services	encouraged
LC-GD-9-1-2020: European Research Infrastructures capacities and services to address European Green Deal challenges	encouraged
LC-GD-9-3-2020: Transparent & Accessible Seas and Oceans: Towards a Digital Twin of the Ocean	encouraged
LC-GD-10-1-2020: European capacities for citizen deliberation and participation for the Green Deal	encouraged
LC-GD-10-2-2020: Behavioural, social and cultural change for the Green Deal	Encouraged + A balanced overall coverage of EU Member States and Associated Countries should be sought.

# UK Participation in Horizon 2020 Green Deal

- UK organisations are fully eligible to participate and receive funding in Green Deal Call.

- European Commission:

*The Withdrawal Agreement, as agreed between the European Union and the United Kingdom, entered into force on 1 February 2020. In overall terms, on the basis of the Withdrawal Agreement, the UK-based legal entities will continue to be **fully eligible to participate and receive funding** in the current [2014-2020 EU programmes](#), **including Horizon 2020, as if the UK were a member state until the closure of these programmes**, unless security considerations apply. This means that UK beneficiaries can continue – without interruption – to receive grants awarded under the current and previous multiannual financial frameworks (MFFs) until their end dates, even if these are after 2020.*

- For any questions around this, or for help identifying possible UK partners, please contact Stephen Alexander, the UK National Contact Point for Legal and Financial matters  
[stephen.alexander@innovateuk.ukri.org](mailto:stephen.alexander@innovateuk.ukri.org)

## Tips for presenting your partner offer /search

- Keep it short, simple and with keywords
- Be precise > Link your expertises or past experiences to the topic text
- Sell your expertise > why should a consortium/partner choose you?
- Be coherent with your objective

## Can we join several consortium ?

Yes

➤ for instance to valorise different expertises

But

- Financial and operational capacity to join several selected consortia
- Trust issue
- Reputation issue

# Different channels to look for partners

- 1) Your personal network
  - 2) Enterprise Europe Network
  - 3) NCPs CaRE Partner Search Tools
  - 4) Other NCP Networks
  - 5) Partner search on Funding & Tender Portal
- Recommended combination but be coherent

# 1) Your personal network ⇒

# Trusted relations

### Virtual Brokerage Event: SSH in the Green Deal Call

To foster opportunities for cooperation in the Horizon 2020 Green Deal Call, Net4Society organises a Virtual Brokerage event, focused on topics relevant for researchers from the Social Sciences and Humanities.

This event is foreseen to take place on 7 October 2020 (tbc) and will focus on the following topics of the Green Deal call which have been identified as relevant for actors from the diverse disciplines of the Social Sciences and Humanities.

<b>Area 1: Increasing Climate Ambition: Cross sectoral challenges</b>
LC-GD-1-2-2020: Towards Climate-Neutral and Socially Innovative Cities
LC-GD-1-3-2020: Climate-resilient Innovation Packages for EU regions
<b>Area 4: Energy and resource efficient buildings</b>
LC-GD-4-1-2020: Building and renovating in an energy and resource efficient way
<b>Area 9: Strengthening our knowledge in support of the EGD</b>
LC-GD-9-1-2020: European Research Infrastructures capacities and services to address European Green Deal challenges
LC-GD-9-3-2020: Transparent & Accessible Seas and Oceans: Towards a Digital Twin of the Ocean
<b>Area 10: Empowering citizens for the transition towards a climate neutral, sustainable Europe</b>
LC-GD-10-1-2020: European capacities for citizen deliberation and participation for the Green Deal
LC-GD-10-2-2020: Behavioural, social and cultural change for the Green Deal
LC-GD-10-3-2020: Enabling citizens to act on climate change, for sustainable development and environmental protection through education, citizen science, observation initiatives, and civic engagement

## 5) Partner search on Funding & Tender Portal

### Partner Search

Online manual  
"Find partners"

IT HOW TO  
"Partner search"

Any use of the Funding and Tenders Portal for a commercial purpose is forbidden. Any misuse of it will lead to the refusal of access to the Funding and Tenders Portal.

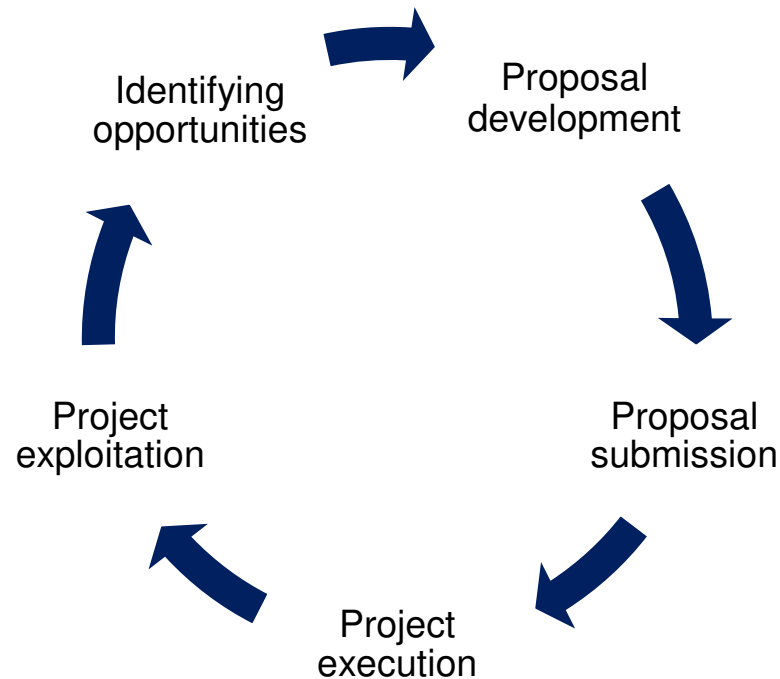

Find partners for your project ideas among the participants in past EU projects.

- Enter a keyword or a topic of a past call for proposals for finding related organisations.
- Search by geographical criteria or by types of organisation.
- For more specialised partner search service see Online Manual.

<https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/how-to-participate/partner-search>

Or in the Cordis database: <https://cordis.europa.eu/en>
